## ABOUT ME

I am a young Computer Science Major at the University of Central Oklahoma with exceptional academic achievement. I enjoy gaining new tech skills and applying them to my personal life. I am a fast learner, looking for an opportunity to learn more. I am eager to seize opportunities to expand my knowledge and skills.

## EDUCATION

### University of Central Oklahoma

Aug. 2020 - May 2024

Computer Science - 3.78

### CodePath, Spring 2024

Jan. 2024 - May 2024

Web & Android Development Trainee

## EXPERIENCE

### LX STUDIO - Tech Support Specialist, UNIVERSITY OF CENTRAL OKLAHOMA

Nov 2023– Current

- Diagnosed and troubleshot hardware and software issues for end users.
- Resolved technical problems via phone, email, or remote assistance.

### HOBBY LOBBY - Software Developer Intern

May 2023 – Aug 2023

- Created web applications with Next.js and React as the frontend frameworks, using GraphQL as the middle layer between the frontend and Java backend.
- Developed user interfaces using HTML, CSS, JavaScript, jQuery, AJAX, and Bootstrap.
- Designed pages and mockups with Figma.
- Collaborated with senior developers to ensure code quality and functionality.

### DISABILITY SUPPORT SERVICE- Technician, University of Central Oklahoma

Dec 2021 – Nov 2023

## PROJECTS

### FULL-STACK WEB APPS

- Developed a chatbot by using Next.js for the front-end, Python for the backend, and MySQL for storing user conversations.
- Created multiple web applications utilizing React as the front-end framework, employed Express to establish the JavaScript backend, and used MongoDB for robust data persistence.

### DESKTOP & MOBILE APPS

- Created multiple mobile apps with Flutter, using Firebase to add cloud functions.
- Worked in a group of four to create a multimedia messaging system using the C# and the .NET framework. I specifically worked on audio/video integration.
- Created a space shooting game in Java that has multiple difficulty levels and interesting ideas.

## SKILLS

**TECHNICAL SKILLS:** Linux CLI, GitHub, Agile Methodologies, MS Excel, Web Design

**PROGRAMMING LANGUAGES:** Python, JavaScript, TypeScript, HTML, CSS, C#, SQL, Dart

**FRAMEWORKS/TOOLS:** React.js, Next.js, jQuery, Bootstrap, .NET , GraphQL, Figma, MongoDB, MySQL, Flask

**SOFT SKILLS:** Multilingual, Communication, Diversity, Motivated, Passion, Supporting, Knowledge Sharing, Teamwork, Coordination, Dependability; Focused, Independent, Integrity, Strategic, Flexible, Leadership, Resilience, Passionate, Collaborative, Proactive; Efficient.

## CERTIFICATIONS

- AWS Cloud Practitioner by Amazon.
- Python for Everybody, University of Michigan.
- IBM Full-Stack Developer Professional Certificate, Expected Completion Date: 05/24
- Google Foundations of Project Management, Expected Completion Date: 04/24.
- Cloud Web Apps Development by UCO.
- 2023 Web Development Bootcamp by Angela Yu, UDEMY.
- Flutter Mobile Developer, by UCO.
